- Warm layer
- Knife (optional)
- Camera in case (optional)
- Snack (we'll provide snacks each day)
- Bandana (optional)

To keep in camp/in your tent:

- Tent will remain set up on Greens Island. Sleeping bag and pad will stay set up inside tent.
- Swim suit and towel can be hung up near your tent area to dry. We don't linger in wet clothes after swimming. Just use them to get in the ocean with, and then change into dry clothes immediately afterwards.
- 1 medium sized duffle, backpack, or dry bag to keep most of your belongings in— for transport to Greens Island and back to Rockland, and to keep in your tent. Use a large dry bag or line duffle/backpack with 1-2 plastic bags to waterproof.
- If you can't fit your tent, sleeping bag, and sleeping pad into your medium sized duffle/backpack/dry bag, it's OK to keep them separate during transport.

The weather and sea temperature on Greens: The average temperatures in July are a high of 75 degrees F and a low of 58 degrees F. You can expect to see a range of all weather---sun, rain, fog, thunderstorms, wind, and no wind. The packing list is designed to keep you relatively comfortable in all weather. It's common to wear a sweater/warm layer and warm hat in the evenings and mornings, and tee shirts and shorts during the heat of the day.

The sea temperature averages around 57 degrees F. We will be intentionally getting into the water everyday, if possible. This is so you can learn how your body reacts to cold water in a more controlled setting first, so you will be less surprised if do you happen to get wet while boating during any moments you didn't expect. It's likely the cold water will feel less shocking the more you get in it.

Critters on Greens: The mosquitos are typically not a problem on the island, since there is usually a breeze keeping them at bay, and they're less active in the cooler temps of Penobscot Bay. There are squirrels, and raccoons on the island, so it's best to keep food well stored, and tents and bags zipped up when not in use. There have been some ticks found on the island in recent years, especially in high grassy areas. It is a good practice to do a daily tick check.

Electronics and cell phone use: We don't want our phones to become a distraction to us, especially while boating, and while being with each other in camp.

You can bring your cell phone and keep it powered off during the trip, or leave it behind entirely (recommended). We will bring a cell phone, and VHF radio for risk management reasons, and getting the weather reports.

You can bring a camera, which is not your phone.

Do not bring:

Drugs, tobacco products, or alcohol.

What we will bring: We will provide three meals and snacks per day, drinking water, PFDs/lifejackets, First Aid Kits, and other safety gear.

Please email/call with any questions regarding this packing list, or if there is something you wish to bring, but it's not listed. **We may have extra gear items in the list below, so please inquire about borrowing.**
